Re: Title 1 School Parent Right to Know
From: Jonathan Ansley, Superintendent

We are required to notify parents on a yearly basis in compliance with the Parents Right to Know requirements of the federal No Child Left Behind (NCLB) law, the following information.

- Deerfield Elementary is a Title 1 school
- Parents have the right to request information regarding the professional qualifications of the student's classroom teachers, including the following;
 1. Licensure for subjects and grade level taught
 2. If the teacher is under emergency or provisional license status or on licensure waiver
 3. Teacher degree status (baccalaureate degree major and any other graduate certification or degree)
 4. Paraprofessional qualifications if your child uses the services of a paraprofessional

All teachers currently serving Deerfield Elementary School are fully certified and highly qualified teachers based on the requirements of NCLB and state licensure regulations.
